B200 (XL)

The B200 (XL) with rotating louvers is definitely our finest outdoor pod from the Brustor Outdoor Living range. Every option, application and lean to possibility makes part of the repertoire of the B200 (XL). This versatility is turning this pergola into the absolute champ of our Brustor range. Create your own oasis of relaxation as a counterpart for the daily rush. A B200 knows no bounds, only possibilities ...

Options

Integrated screens

Integrated screens possible on all sides. You have the choice between a wide range of colors and transparency of the screen fabric.

LED-Louvers

The LED strips in the louvers give a beautiful light. Because the lighting is adjustable, it is also possible to create the desired atmosphere ...

Spots in the frame

Adjustable LED spots in the frame are possible on all sides.

LED up/down

Direct (DOWN) and or indirect (UP) LED lighting on the gutters is optional.

Terrace heating

Powerful heating of 2,000 W (IP65) for cool evenings. You can combine several elements in one module. Available in black, white and anodized.

Door pole

An additional door pole is possible to spread your integrated screens over the width and thus retain a door opening. For large versions with a double roof this is sometimes necessary as support.
